✓

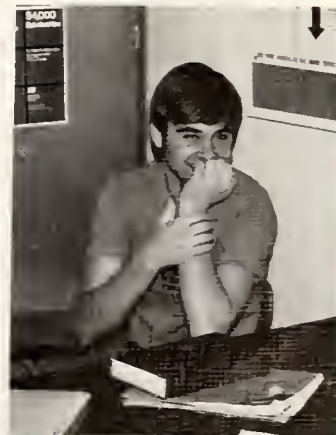

Though the sun be dead ten thousand years
And all human life hath passed,
My love for you will still remain--
For it shall always last.

Though life be short and bitter as set
With many tasks to do,
Above all else one thing remains,
That is my love for you.

Though death shall come to me as part,
My soul shall yet retain
Quenched by the heavens majestic stars,
My love for you yet burns.

Remember this in troubled times
When questions craze your mind,
My love for you shall ever endure
Though life be far behind.

A photograph of a sunset or sunrise over a dark landscape. The sky is filled with large, dark clouds that are illuminated from below by the sun, creating a dramatic orange and yellow glow. The horizon is a dark, straight line. In the foreground, there are some dark, silhouetted shapes that look like trees or bushes. The overall mood is serene and atmospheric.
